Knitting needles? Who needs them!...

**the Miracle Knitter Automatic brings
new speed, ease and beauty to hand-knitting**

Looks and feels like professional hand-knitting

These are just a few of the lovely stitch designs you can knit with ease and speed on the *Miracle Knitter Automatic*.

it's the modern easy way

Even if you've never knitted before, you'll turn out lovely professional work in a twinkling, thanks to these exclusive automatic features. . . .

1. *Automatic Yarn Guide*—forms stitches automatically; no more feeding yarn by hand. . . .
2. *Automatic Needle Latch Control*—entirely eliminates dropping or jamming of stitches. . . .
3. *Automatic Tension Control*—allows you to knit with any type of yarn: mohair, four-ply worsted, angora, cotton, bouclé. . . .
4. *Automatic Row Counter*. . . .
5. *Two Patented Rubber Wheels*—act like expert “fingers,” keeping the stitches perfectly uniform and even. . . .
6. *Three Movable Cams*—allow an unlimited variety of stitch designs and patterns. . . .
7. *Swiss precision craftsmanship*. . . .

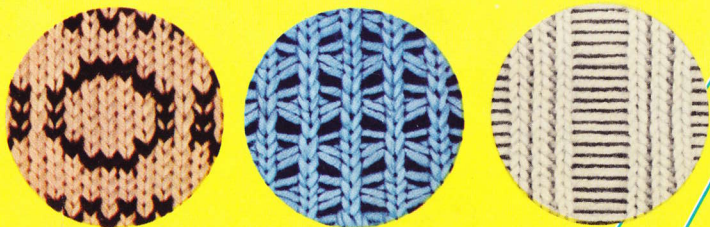

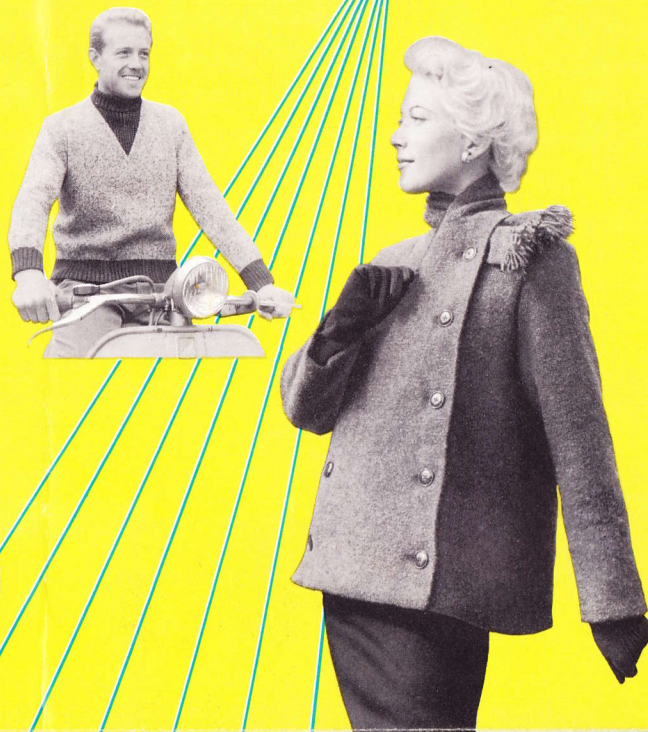

Add them up! . . . These are 7 big reasons why the **MIRACLE KNITTER AUTOMATIC** is the finest hand-knitting machine you can own.

in hours...not weeks

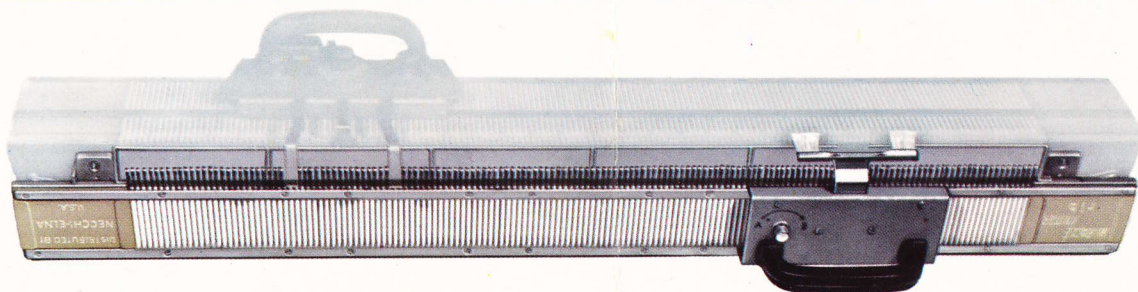

Just imagine what it would mean to have a *Miracle Knitter Automatic* at your command. You'd knit with the speed of 161 hands. . . . Knit *everything*—in just a fraction of the time it used to take with tedious, old-fashioned hand needles. . . . Shape shoulders, necks, sock heels, and make buttonholes—all with new ease. . . . Knit cables, lace designs, mock rib, picot edge—practically every stitch design known. Even knit with ribbon. . . . Be the envy of friends and neighbors with knitted garments that have a luxurious, expert, hand-made look.

The **MIRACLE HAND-KNITTING MACHINE** pays for itself after making a few items.

for professional looking ribbing—the
