## editorial

We are having our KNITKING SEMINAR and OPEN HOUSE earlier this year... in September instead of October... It will start on Monday, September 8th and run through Saturday the 13th... This is just one month earlier than previous years and we believe it will give more knitters from out of state the opportunity to be with us for the entire five and a half days of education and fun.

There will, as always, be a team of experts to conduct classes, give lectures, answer your questions and generally satisfy all the problems regarding machine knitting, charting, seaming, yarns and textures, etc.

In previous years, we have had visitors from as far away as Australia, New Zealand, Africa, Germany, France, Hawaii, Great Britain and Canada, as well as from most of the United States... In addition to the obvious educational advantages of our SEMINAR, you will also make many new friends.

We always have some new products to introduce at our SEMINARS and we promise you that this year will be no exception... Additionally, the full KNITKING range of Knitting Machines, Baby Lock machines, Weaving Machines, Accessories, Books, Yarns, etc., will be available at SPECIALLY DISCOUNTED PRICES... We promise an outstanding display of beautiful garments and our KNITKING people are already preparing some stunning things to wear during the five and a half days.

If you intend being with us, at any time during the SEMINAR and OPEN HOUSE and you would like to see something special demonstrated or explained, write to us ahead of time and we will do our best to include it in our program.

As we write this EDITORIAL, the makeup for our next issue is completed and the color pages printed... It's a good issue and includes a nice assortment of garments for all members of the family ... dresses... two piece outfits... cardigans... pullovers and a coat for the ladies... some sweaters, shirts, a shawl collar cardigan and a vest for the men... some colorful tops for teenagers plus some cute things for the very young.

# General Instructions

## HOW TO READ THE CHARTS AND INSTRUCTIONS

There are 3 sizes given for each Pattern in KNITTING MAGAZINE. Above each Chart for the different sizes, you will see that the first and smaller sizes might be shown as 8/10, the second size as [12/14] and the third as [16/18]. Check the measurements at the bustline and hips on the Charts to be certain that you will knit the correct size, remembering these are ACTUAL measurements of the completed section and that there must be a bigger allowance at the bustline and hipline for a Jacket or a Coat than there would be for a fitted dress or a fitted blouse or pullover. The question in your mind should be "How do I want this garment to fit...?"

When you have chosen the size you need, you can follow the Charts as shown. You will notice that where the shapings are the same FOR ALL SIZES, only 1 set of shapings will be shown on the first Chart and if you are knitting the 2nd or 3rd size, you simply follow the shapings as given for the first size. If the shapings are different, this will be shown on the Charts and you should follow them as given.

On the Charts, increases and decreases will be shown as follows

5x1

**6** The number in the box means number of ROWS between the shapings, while the 5x1 above the box means - 1 st. 5x... so you will increase or decrease 1 st. every 6th row 5x.

ARMHOLE SHAPINGS - NECK SHAPINGS - SHOULDER SHAPINGS - are made on every 2nd row UNLESS there is a number in a box along side or below the shapings. The rule is... where there is no box with a number, the shaping is made on every 2nd row.

## THE PRINTED INSTRUCTIONS

You can follow the printed instructions or use them in combination with the Charts. Where there is any question in the printed instructions, you have the Charts to show you how the section will look.

The 3 sizes, with the different amounts of cast on stitches and the different shapings will look like this...

Cast on 124 (136) [148] sts. You will

Cast on 124 sts. for the first size.

Cast on 136 sts. for the 2nd size.

Cast on 148 sts. for the 3rd size.

The important thing to remember is that you MUST READ AHEAD so that you KNOW what to do for the size you are knitting. Sometimes where the number of stitches are the same but the number of times different, you will find shapings like this... 3 sts. 1x (2x) [3x], 2 sts. 1x (2x) [3x], 1 st. 3x (4x) [5x]. As you see, you MUST read ahead in order to follow the instructions as given for YOUR SIZE. The rows will be different for the different sizes in some cases... Shoulder and Neck shapings usually are worked at the SAME TIME for the back section - so watch for the words AT THE SAME TIME.

## HOLDING STITCHES ON THE LEFT SIDE WHILE SHAPING THE RIGHT SIDE

When knitting a section of garment in stockinette stitch, it is easy to hold the stitches on the left side while knitting the right half, but when knitting a Pattern Stitch such as a Norwegian Design, a Holding Position Design, Weaving, etc., you should use the following method. For the NECK SHAPING, we tell you to bind off the center sts., put the needles on the left into holding position and complete the right half first... so with a strand of contrast yarn, knit ALL of the left side stitches manually by hand, pulling each stitch back against the needle bed to the OUT OF WORK position. When the right side is completed, carefully pull the stitches held on contrast, forward into working position and as you do so, undo the contrast yarn, line up the needles (KNITTING AM 3 machine owners, put the stitches under the sinkers) and complete the left half.

If you own a Japanese machine, you may find that when knitting the right half with the left side held in this way, the sinker plate will mark the left side while you are knitting the right half. To prevent this marking, you can tape a piece of paper over the knitting, underneath the sinkers, or if you own a Reversing Bar, you can hang this onto the Sinkers while you are knitting the right half. When hanging the Reversing Bar, be sure the eyes of the bar go BETWEEN the Sinker Posts on the upper part of the bar so that the tips of the bar only - show above the needle bed

## FULL FASHION DECREASING OR INCREASING

For Stockinette stitch, always use the Full Fashion method for increasing or decreasing.

TO DECREASE: Hang the 3rd stitch onto the 2nd stitch then move the stitches in to fill the empty needle.

TO INCREASE: Move the 2 end stitches 1 needle outward, then pick up the 3rd stitch from the row below and hang it onto the empty needle.

FINISHING: Block all sections. For PULLOVERS, JACKETS, and DRESSES: Join front to back at sides and shoulders. Sew sleeves together and set in. Hem lower edge and sleeve edges if needed. For a double neckband or armhole band, sew 1 edge to the inside and 1 to the outside of neck or armhole. For a single ribbed band, sew 1 edge to the outside of neck or armhole edge. For a cardigan or jacket with buttonholes, finish buttonholes and sew on buttons.

PANTS: Join front to back at sides. Sew inside leg seams, then join center front and back. Make hem at waistline and insert elastic. Hem lower edge of pants legs.

## THE SAMPLE SWATCH

Before you begin to knit any garment, you will need to knit a sample piece using the yarn you have chosen for your garment, so that you can check the stitch and row gauge which must measure the correct number of stitches and rows in 5 cm (2 inches).

For each Pattern in KNITTING MAGAZINE, we give you 3 tension numbers to work from and if you use the specified yarn for the garment, you should be able to get the correct stitch and row gauge using one of these numbers. Here is a very easy way to make your sample swatch and count the stitches and rows without actually counting, by using our KNITTING Converta Tape.

Supposing the Tension Numbers for the Stitch and Row Gauge are given as 5 to 7. Set the Tension Dial to the first number which is 5. With contrast waste yarn, and using the quick cast on method, cast on 60 stitches and knit 10 rows. Change to garment yarn and turn the Row Counter to 0. Knit 30 rows. Counting from each end, knit the 10th stitch on each side by hand with a small piece of contrast yarn. Leave the needles in working position and knit 30 rows (Row 60), then knit 4 rows with contrast waste yarn. Turn the Row Counter to 0 and the Tension Dial to 6 and with garment yarn, knit 30 rows. Mark the 10th stitch on each side as you did before, knit 30 rows, then 4 rows with contrast waste yarn. Turn the Row Counter to 0 and with Tension 7, repeat the above once more, ending with 10 rows of contrast waste yarn. Remove the work from the machine by passing the Slide across the needles without yarn (sometimes called 'dropping').

Pull and stretch the sample piece both lengthwise and diagonally from corner to corner, then lengthwise again. Do not count the stitches and rows immediately, but allow the sample to rest for several hours or even overnight. This will allow the stitches and rows to return to their basic form.

When your sample has rested and you are ready to count the stitches and rows, the KNITTING CONVERTA TAPE will do the counting for you without any counting on your part. Use the Tape as follows:

Measure the stitches with the TAPE, BETWEEN the 40 stitches marked with contrast waste yarn. Push the SLIDE so that the LEFT EDGE lines up to this exact measurement. Now look down along side the SLIDE and find the number 40 on the TAPE. The number directly opposite on the SLIDE will be your Stitch Gauge to 5 cm (2"). To find the number of rows in 5 cm (2"), place the TAPE to measure over the 60 rows, push the SLIDE to this number with the left edge lined up, the look for the number 60 on the TAPE and directly opposite this will be the number of rows to 5 cm (2")

If you do not own a KNITTING CONVERTA TAPE, you must mark a 5 cm (2 inch) square in the center of the knitting, then count the number of stitches and rows within the square.

## PRACTICAL KNITTING HINTS

KK 836 - The arm slits for the Cape, KK 836 will be easy for you to make if you will use a Cast-on-Strip. After you remove the sts. for the slit onto contrast waste yarn, instead of casting on over the empty needles, just hang on the sts. from the cast-on-strip. If you do not remember how to do this, see KNITTING MAGAZINE, Volume 14, No. 4 - Practical Knitting Hints page.

## TO USE YOUR COLOR CHANGER FOR GARMENTS IN KNITTING MAGAZINE

This is just to remind you that the Punch Cards in KNITTING MAGAZINE are normally punched to be used without the Color Changer. Should you wish to use the Color Changer, the Punch Cards must be REVERSED... Punch the blank spaces and leave the punched holes blank... See your Color Changer Instruction Book for samples.

## CHANGE OF ADDRESS

If you change your address, BE SURE TO NOTIFY US IMMEDIATELY... the Post Office will NOT forward your magazine to you and you are very likely to miss an issue....

## NEW LACE PUNCH CARDS

We are including a beautiful new Lace Punch Card. It is an easy one to punch and use... A perfect pattern for a light and airy blouse. Try it... It is not necessary for you to have arrows on this card to show the movement of the Lace Carriage. Work the Card as follows:

Always begin with 2 rows Stockinette stitch. Slide on the right, Lace Carriage on the left. Card on STOP. Move the Lace Carriage to the right, put Card on GO. Move the Lace Carriage to the left, then right and then left again. All needles are now in working position. Knit 2 rows.

For this particular Card, you will always move the Lace Carriage 4 times and then knit 2 rows.
