General Instructions

HOW TO READ THE CHARTS AND INSTRUCTIONS

There are 3 sizes given for each Pattern in KNITKING MAGAZINE. Above each Chart for the different sizes, you will see that the first and smaller sizes might be shown as 8/10, the second size as (12/14) and the third as [16/18]. Check the measurements at the bustline and hips on the Charts to be certain that you will knit the correct size, remembering these are ACTUAL measurements of the completed section and that there must be a bigger allowance at the bustline and hipline for a Jacket or a Coat than there would be for a fitted dress or a fitted blouse or pullover. The question in your mind should be "How do I want this garment to fit...?"

When you have chosen the size you need, you can follow the Charts as shown. You will notice that where the shapings are the same FOR ALL SIZES, only 1 set of shapings will be shown on the first Chart and if you are knitting the 2nd or 3rd size, you simply follow the shapings as given for the first size. If the shapings are different, this will be shown on the Charts and you should follow them as given.

On the Charts, increases and decreases will be shown as follows

5×1
 $\boxed{6}$ The number in the box means number of ROWS between the shapings, while the 5×1 above the box means - 1 st. $5 \times \dots$ so you will increase or decrease 1 st. every 6th row $5 \times$.

ARMHOLE SHAPINGS - NECK SHAPINGS - SHOULDER SHAPINGS - are made on every 2nd row UNLESS there is a number in a box along side or below the shapings. The rule is... where there is no box with a number, the shaping is made on every 2nd row.

THE PRINTED INSTRUCTIONS

You can follow the printed instructions or use them in combination with the Charts. Where there is any question in the printed instructions, you have the Charts to show you how the section will look.

The 3 sizes, with the different amounts of cast on stitches and the different shapings will look like this...

Cast on 124 (136) [148] sts. You will
Cast on 124 sts. for the first size.
Cast on 136 sts. for the 2nd size.
Cast on 148 sts. for the 3rd size.

The important thing to remember is that you MUST READ AHEAD so that you KNOW what to do for the size you are knitting. Sometimes where the number of stitches are the same but the number of times different, you will find shapings like this...
3 sts. 1x (2x) [3x], 2 sts. 1x (2x) [3x], 1 st. 3x (4x) [5x].
As you see, you MUST read ahead in order to follow the instructions as given for YOUR SIZE. The rows will be different for the different sizes in some cases... Shoulder and Neck shapings usually are worked at the SAME TIME for the back section - so watch for the words AT THE SAME TIME.

HOLDING STITCHES ON THE LEFT SIDE WHILE SHAPING THE RIGHT SIDE

When knitting a section of garment in stockinette stitch, it is easy to hold the stitches on the left side while knitting the right half, but when knitting a Pattern Stitch such as a Norwegian Design, a Holding Position Design, Weaving, etc., you should use the following method. For the NECK SHAPING, we tell you to bind off the center sts., put the needles on the left into holding position and complete the right half first... so with a strand of contrast yarn, knit ALL of the left side stitches manually by hand, pulling each stitch back against the needle bed to the OUT OF WORK position. When the right side is completed, carefully pull the stitches held on contrast, forward into working position and as you do so, undo the contrast yarn, line up the needles (KNITKING AM 3 machine owners, put the stitches under the sinkers) and complete the left half.

If you own a Japanese machine, you may find that when knitting the right half with the left side held in this way, the sinker plate will mark the left side while you are knitting the right half. To prevent this marking, you can tape a piece of paper over the knitting, underneath the sinkers, or if you own a Reversing Bar, you can hang this onto the Sinkers while you are knitting the right half. When hanging the Reversing Bar, be sure the eyes of the bar go BETWEEN the Sinker Posts on the upper part of the bar so that the tips of the bar only - show above the needle bed.

FULL FASHION DECREASING OR INCREASING

For Stockinette stitch, always use the Full Fashion method for increasing or decreasing.

TO DECREASE: Hang the 3rd stitch onto the 2nd stitch then move the stitches in to fill the empty needle.

TO INCREASE: Move the 2 end stitches 1 needle outward, then pick up the 3rd stitch from the row below and hang it onto the empty needle.

FINISHING: Block all sections. For PULLOVERS, JACKETS, and DRESSES: Join front to back at sides and shoulders. Sew sleeves together and set in. Hem lower edge and sleeve edges if needed. For a double neckband or armhole band, sew 1 edge to the inside and 1 to the outside of neck or armhole. For a single ribbed band, sew 1 edge to the outside of neck or armhole edge. For a cardigan or jacket with buttonholes, finish buttonholes and sew on buttons.

PANTS: Join front to back at sides. Sew inside leg seams, then join center front and back. Make hem at waistline and insert elastic. Hem lower edge of pants legs.

THE SAMPLE SWATCH

Before you begin to knit any garment, you will need to knit a sample piece using the yarn you have chosen for your garment, so that you can check the stitch and row gauge which must measure the correct number of stitches and rows in 5 cm (2 inches).

For each Pattern in KNITKING MAGAZINE, we give you 3 tension numbers to work from and if you use the specified yarn for the garment, you should be able to get the correct stitch and row gauge using one of these numbers. Here is a very easy way to make your sample swatch and count the stitches and rows without actually counting, by using our KNITKING Converta Tape.

Supposing the Tension Numbers for the Stitch and Row Gauge are given as 5 to 7. Set the Tension Dial to the first number which is 5. With contrast waste yarn, and using the quick cast on method, cast on 60 stitches and knit 10 rows. Change to garment yarn and turn the Row Counter to 0. Knit 30 rows. Counting from each end, knit the 10th stitch on each side by hand with a small piece of contrast yarn. Leave the needles in working position and knit 30 rows (Row 60), then knit 4 rows with contrast waste yarn. Turn the Row Counter to 0 and the Tension Dial to 6 and with garment yarn, knit 30 rows. Mark the 10th stitch on each side as you did before, knit 30 rows, then 4 rows with contrast waste yarn. Turn the Row Counter to 0 and with Tension 7, repeat the above once more, ending with 10 rows of contrast waste yarn. Remove the work from the machine by passing the Slide across the needles without yarn (sometimes called 'dropping'). Pull and stretch the sample piece both lengthwise and diagonally from corner to corner, then lengthwise again. Do not count the stitches and rows immediately, but allow the sample to rest for several hours or even overnight. This will allow the stitches and rows to return to their basic form.

When your sample has rested and you are ready to count the stitches and rows, the KNITKING CONVERTA TAPE will do the counting for you without any counting on your part. Use the Tape as follows:

Measure the stitches with the TAPE, BETWEEN the 40 stitches marked with contrast waste yarn. Push the SLIDE so that the LEFT EDGE lines up to this exact measurement. Now look down along side the SLIDE and find the number 40 on the TAPE. The number directly opposite on the SLIDE will be your Stitch Gauge to 5 cm (2"). To find the number of rows in 5 cm (2"), place the TAPE to measure over the 60 rows, push the SLIDE to this number with the left edge lined up, the look for the number 60 on the TAPE and directly opposite this will be the number of rows to 5 cm (2")

If you do not own a KNITKING CONVERTA TAPE, you must mark a 5 cm (2 inch) square in the center of the knitting, then count the number of stitches and rows within the square.

The cuff of the Slipper Sox is K1, P1 Ribbing and it is suggested that you LATCH up every other stitch for the Ribbing for a hand knit look. Wax the yarn. The legs are a Norwegian Design as is the instep and top of foot. Punch your own Card and follow the color changes as given.

FINISHING: Block lightly on the wrong side. Sew up back seam. Weave heel sts. together and instep to sole. To make slippers more serviceable, sew onto purchased leather soles.

Cast on 84 (84) [88] sts. with color 1 and work 40 rows Stockinette stitch. LATCH EVERY OTHER STITCH into a Rib stitch then remove the stitches onto contrast waste yarn.
 Hang the sts. back onto the machine decreasing 24 (20) [20] sts. evenly across.
 Insert Punch Card UPSIDE DOWN and continue in the Norwegian Design following the color changes as given.
 After Row 80, ON EACH SIDE, remove 15 (16) [18] sts. onto waste yarn. Continue in the Norwegian Design to Row 114 (118) [122].

Continue in Stockinette stitch with color 1.
 Work SHORT ROWS: ON OPPOSITE SIDE OF CAM BOX, put into holding position 2 sts. 6x (6x) [7x] ON EACH SIDE.
 ON OPPOSITE SIDE OF CAM BOX, bring back into working position 2 sts. 6x (6x) [7x].
 Knit to Row 172 (180) [192].
 WORK SHORT ROWS same as you did before - 2 sts. 5x (5x) [6x] ON EACH SIDE, then bring them back into working position in the same way.
 After Row 192 (210) [212], remove the sts. onto contrast waste yarn.
 Make 2nd sock the same.

Cast on 40 (44) sts. and work in Pattern.
ON EACH SIDE, increase 1 st. every 16th row 7x.
After Row 134 (146), bind off.

LEGGINGS: Make 2 sections.

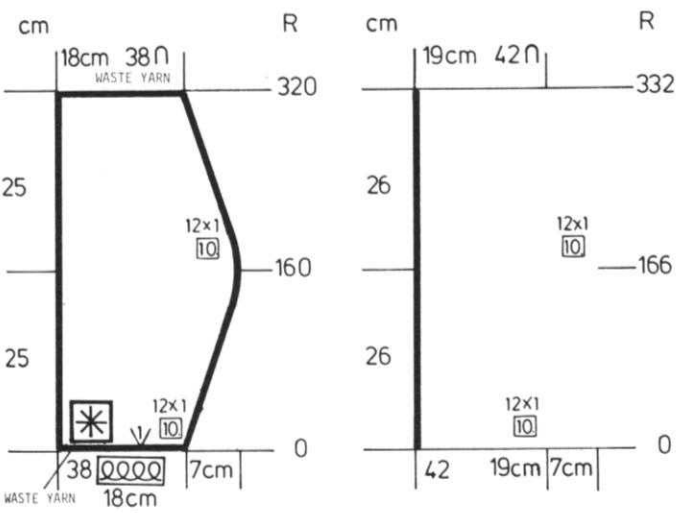

With contrast waste yarn, cast on 24 (28) sts. Knit 8 to 10 rows, change to garment yarn and put Counter at 0.
ON INSIDE LEG edge, increase 1 st. every 8th row 9x (1 st. every 10th row 10x) and on OUTSIDE leg edge increase 1 st. every 20th row 2x for both sizes.
After Row 96 (108), remove the sts. onto contrast waste yarn. REPEAT THE INSTRUCTIONS from the beginning to Row 96, changing the sides for the inner and outer leg edges. After Row 96, hang the first leg back onto the machine with center legs facing and continue to knit over all the stitches.
ON EACH SIDE, increase 1 st. every 20th row 2x.
After Row 182 (200), SHAPE ARM-HOLES: ON EACH SIDE, bind off 3 sts. 1x, 2 sts. 2x, 1 st. 7x. (3 sts. 1x, 2 sts. 3x, 1 st. 10x). Mark Row 200 (224) for hemline then knit to Row 208 (232). Bind off.

HOOD:

With contrast waste yarn, cast on 38 (42) sts. and work 8 to 10 rows Stockinette stitch. Change to garment yarn, put Counter at 0 and work in Pattern.
ON THE RIGHT, increase 1 st. every 10th row 12x.
After Row 160 (166), mark each side for center of hood.
ON THE RIGHT, DECREASE 1 st. every 10th row 12x.
After Row 320 (332) remove the sts. onto contrast waste yarn.

HEEL - for Leggings

Hang 24 sts. from one back leg held on waste yarn, back onto the machine and work SHORT ROWS: ON OPPOSITE SIDE OF CAM BOX, put into holding position 1 st. 4x ON EACH SIDE. Return the sts. in the same way. Leave them on the machine, then for FOOT & TOE, hang the 24 sts. of the front onto the Ribber. Work 26 (34) rows CIRCULAR. SHAPE TOE: Decrease 1 st. on EACH BED 5x ON EACH SIDE. Remove the sts. onto end of yarn and pull up.

KNITKING NEWS

THIS 'NEW' NEWS is GOOD NEWS

During the more than 25 years that KNITKING has been importing, distributing and selling Knitting Machines, we have received many thousands of requests for a knitting machine made for knitting 4-ply worsted weight yarn and heavier... We have also received innumerable requests for a machine made primarily for knitting fine yarns... We in turn have asked our suppliers many many times to consider designing and making such machines.

Approximately two years ago we introduced into the U.S.A. the first JUMBO Knitter - the knitting machine with large needles made for knitting heavy yarns. It was an instant success and the demand during the first year was so great we had difficulty keeping it in stock. A new Model with some design improvements was introduced early this year and it too has been selling extremely well.

A few years ago, one of our suppliers designed and marketed (mainly in the Orient) a knitting machine with fine needles for knitting fine and light weight yarns. We tested its efficiency and found it to be good but decided we would wait for some design improvements before considering it as suitable for KNITKING to market it in the U.S.A... A few months ago, we received a sample of the new KH 120... It passed our tests with flying colors (we in fact flipped over it) and this fine machine now proudly carries the KNITKING name... We are offering it nationally for the very first time in this issue of KNITKING MAGAZINE.

The KNITKING KH 120 is a Push Button knitter with the new design Lacemaker (like the 830 Lacemaker) for making fine lace as well as standard lace. It has the same width of needle bed but with 3.5mm needle spacing as compared with the KNITKING KH 830 spacing of 4.5mm. The KH 120 has 258 needles and, using lovely KNITKING YARNS such as Crocus, Capriccio, Micaela, Amore, Venetia etc., at a tension to produce 8 sts. per inch, the new KNITKING KH 120 will knit 32 inches wide compared with 25 inches on a 200 needle machine. This of course makes it an obvious choice for the larger than average person.

The KNITKING KH 120 knits yarns from fine crochet thread to sport yarn and it makes absolutely exquisite lace designs... A two color plating finger is standard and weaving wheels are built in... There is a 258 needle Ribbing Attachment available and during our tests, we ribbed with a fine yarn using the entire 516 needles. It produced an excellent Fisherman's Rib, more than 6 inches wider than the 36 inch needle bed!! We knitted tubular using all of the needles... we knitted some fancy ribbed designs and some racking designs... Everything ran smoothly and all stitches were well formed.

KNITKING now has a knitter for all reasons!!! The KH 120 for fine yarns... the remarkable computerized KH 830 for all around knitting with yarns from light weight to 4-ply worsted... and the JUMBO CN 9 for knitting 4-ply worsted and heavier.

As is our practice, KNITKING is introducing and offering the KH 120 to Magazine Subscribers at a special inflation fighting discount price... The offer can only be made to U.S. readers which is why an insert with the special prices is included only in magazines sent to U.S. subscribers. We suggest that you place your order while stocks are good, and be one of the first to own an all new KNITKING KH 120.

PRACTICAL KNITTING HINTS

KK 639 - MAKE SOME CAST ON STRIPS

An OPEN CAST ON for the Sleeves on this Baby Pull-over can be easier for you if you make the cast on pieces separately and then just hang them onto the machine at the underarm where you need to cast on 40 sts. In fact, this method can be used in many other places and is especially great when you are working in a Pattern. Since you will need 4 strips for this little garment, why not make up the 4 separate strips and SAVE THEM for future use - and you WILL use them.

It is important that you use a similar weight yarn for your strips. Some people make strips in various weights and you can do the same. If you have a few strips made from a light weight yarn, a medium weight yarn and a heavier weight yarn, you are ready for open cast on's for use with any weight garment.

If you have some AMORE left overs in different colors, use this yarn for your strips as it is an excellent twisted yarn which can be washed and will not split because of its twist.

Now you are ready to make 4 strips. USE CLOSED CAST ON for cast on strips. With a light color Amore, cast on 50 sts. (We will use 50 sts. although you really only need 40) because we want to use the strips for other garments and 50 is a good number. Use Tension 7 or 8. Knit 6 rows then mark the tension by transferring 7 or 8 sts. to the next needle and leave the empty needles in work. Knit 6 more rows. With a bright contrast color yarn, knit 1 row. Change back to the original yarn and knit 12 rows. Bind off. Press the strip and secure all ends. Make 3 more strips the same.

You can now knit the little Pullover and when you reach Row 78 for the back, bring 40 needles ON EACH SIDE into working position for the sleeves and hang a cast on strip onto each side. Fold the strip with the purl side out so you can see the row of contrast sts. and hang 40 of them onto the machine needles. Knit 1 row over the newly cast on sts. using a piece of Ravel Cord (you can always use some rayon crochet thread if you do not have odd pieces of Ravel Cord). You are now ready to continue knitting but remember it is always a good idea to knit the first row over the newly cast on sts. in Stockinette stitch. This makes it easier for you to weave the open sts. together later on. When you have completed the garment and have woven the underarm seam, release the Ravel Cords at each end then pull them out... You still have your cast on strips for future use and they can be used ANYWHERE on a garment that calls for an OPEN CAST ON...

SPECIAL DISCOUNTS on YARN KITS for garments in this issue of KNITTING MAGAZINE are listed below and are available to our subscribers. Please remember that the special prices are only good until the next issue of the magazine.
