Knit and crocheted vests are very popular at this time and in order to satisfy the many requests we have received from readers for instructions on how to make them we are including a bonus pattern in this issue.

The instructions are in KNITKING NEWS and when you study them you will notice that they cover a range of sizes but that the size is controlled by variations in the knitting tension . . . not by extra stitches and rows . . . and that the pattern stitch is lacy, allowing for blocking to most sizes.

Because the vest is so easy to make, we offer it to our readers as a lesson in size control through variations in stitch size, and we suggest that you experiment with the principle any time you wish to produce a KNITKING garment in a larger or smaller size than the instructions are written for.

As an example, we refer you to pattern DK 7804 in this issue . . . the width at the bottom of each section is 24½" . . . Allowing for seams, the finished circumference should be approximately 48". The instructions call for a yarn that produces 8 stitches to the inch, so 48 x 8 = 384 stitches . . . now if we set the tension control 1 tension higher (i.e. 6 to 7) the same yarn will knit at 7½ stitches to the inch and if you cast on the same number of stitches as called for in the instructions, the circumference at the bottom will be 384 ÷ 7.5 = 51" . . . 3" larger than if it were one tension lower.

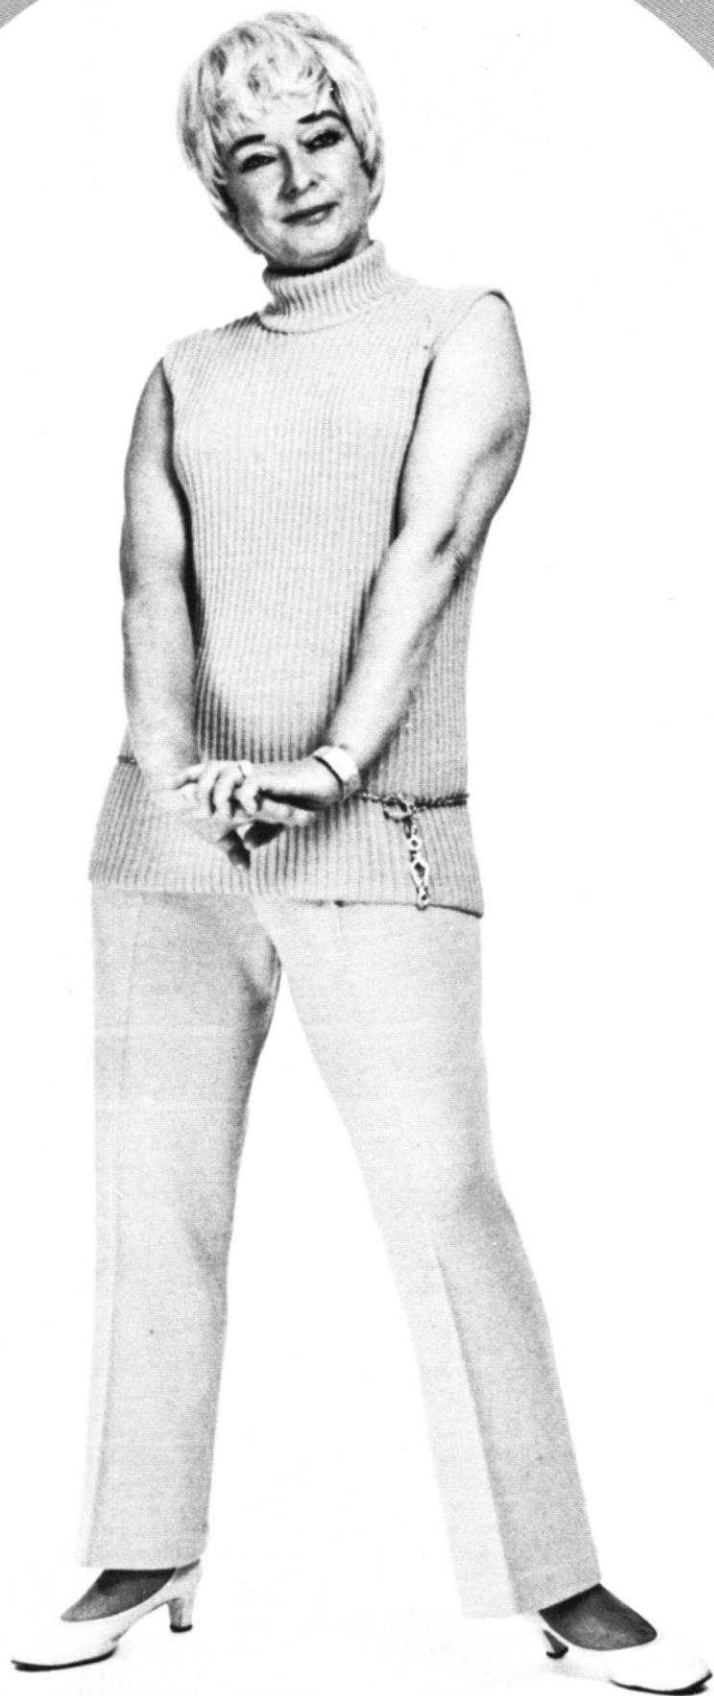

The finished underarm circumference is 38" at 8 stitches to the inch. When you increase the tension and get 7½ stitches to the inch, the underarm measurement will increase to 40½" . . . a size 16 . . . Simple, isn't it?

Of course, if you want the garment to be smaller than called for in the instructions, you set your tension control so that you get 8½ stitches per inch . . . the circumference under the arms will then become 36" and at the bottom a little over 45".

By just changing the stitch gauge through tension control and otherwise knitting exactly as stated, we have shown how the size of a garment can be varied to fit from a size 10 through 16 . . . you must not however, lose sight of the fact that when you alter your tension, you will also increase or decrease the length of the garment and will need to make an adjustment in the length of hem you turn. This is relatively easy on pattern DK 7804 because you have 72 rows to play with. For simplicity in shortening or lengthening a garment, you should always make the adjustments before decreases and increases start. For example, if you want to make DK 7804 longer, you can knit more rows at the bottom between 0 and 72, then reset your counter to 72 and continue the instructions exactly as shown.

You are, of course, restricted in the amount you can increase or decrease the tension for specific yarns. Don't try to make a size 12 garment into a size 20 by increasing the tension from 6 to 10. If you do, you will make your knitting too loose and sloppy.

We will be introducing a new accessory in the next issue of KNITKING MAGAZINE . . . a very clever and easy to use Weaver that permits the weaving together into fancy stitch designs, yarns of varying weights and texture . . . the cover garment will be a 3-piece slack outfit with the cardigan made using the new Weaver . . . For the girls that have been asking, we are including a maxi dress plus an assortment of dresses, suits and cardigans . . . For the men, a cardigan and an original style zippered sweater . . . For the children, a group of the most charming clothes we have ever featured.

Material: 1 1/4 oz. (1 ball) each of 3 colors; main color, contrast color and black KNITTING Sonika Dralon. 12" diameter Pillow Form, 3 inches thick; 12" zipper. Tension: 7 or 8. Gauge: 14 sts., 19 rows 2".

FINISHING: Weave together the sections held on contrast waste yarn, then remove waste yarn. Pull pieces into shape. Put the black edging around the outside edge of Pillow form then pin zipper in smoothly. Remove the edging and sew the zipper in with straight edge against the zipper, the other side with 3 extra stitches overlapping the zipper to cover it. Catch down the 3 sts. held on stitch holder. Put the black edges back onto pillow form and smooth evenly. Pin the top sections to the black edging on each side making sure it is even, then weave together 1 st. in from each edge. Run a strand of yarn around center edges and pull up tightly and secure. Make a flower to put on the plain side.

cast on 43 sts.
make 2

ROWS 204-384: Put all needles into work and knit even. Remove on contrast waste yarn.

ROWS 91-203: After ROW 91 cast on 3 sts. To do this, put 3 sts. from left section onto a stitch holder then cast on. Now knit even. After ROW 203, put Row Counter back to 90, all needles on the right side into holding position. Put all needles on the left into working position, put the 3 sts. held on stitch holder back on machine by removing 3 sts. on right side to a stitch holder and knit even to Row 203.

ROWS 1-90: Knit even, then put 11 sts. on the left side into holding position and knit the right side first.

EDGING: Open cast on 21 sts., then change to black yarn.

ROWS 33-383: Change to contrast color and REPEAT ROWS 1-32 11 times more, changing color after each section but ending with only 3 rows of black at the end of the last section instead of 4. Leave a long strand for weaving and break yarn. Knit several rows with waste yarn and remove work from machine. Make a second section the same as above using MAIN COLOR ONLY.

ROWS 29-32: Change to black and put all needles into working position, then knit even.

ROWS 1-28: On the LEFT side and on EVERY OTHER ROW, put 3 needles into holding position 13 x and 2 needles 1 x. DO NOT WRAP THE YARN around the needles in holding position — the hole is part of design.

Cast-on 43 sts. using contrast waste yarn. After knitting several rows end with Cam Box on the left side, then knit 1 row to the right with a ravel cord. Change to main color.

ROWS 1-24: Put 3 sts. opposite Cam Box into holding position beginning each row (short rows — be sure to wrap the yarn around end needle in holding position).

Cast-on 98 sts. (See KG 1904) then change to main yarn.

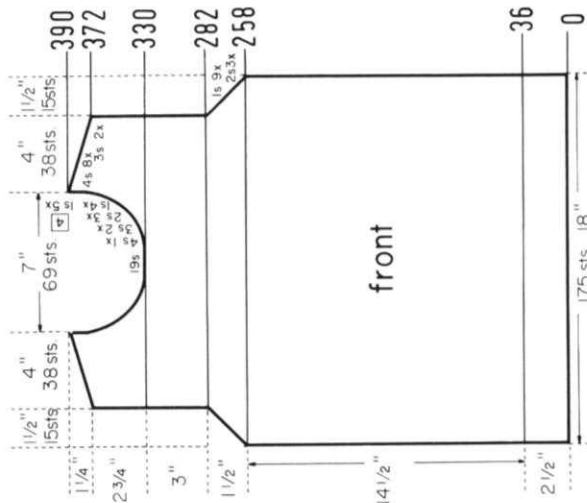

SIZE 14-16. (Chest 32"-34"). **MATERIAL:** 3 1/2 oz. (2 balls) dark blue, 1 1/2 oz. (1 ball) medium blue, 1 1/2 oz. (1 ball) light blue and 1 1/2 oz. (1 ball) white **KNITTING** Subita Dralon 2 ply, Color Nos. 416, 410, 406 and 401. **TENSION:** **KNITTING** 1 to 2. **STITCH GAUGE:** 19 sts., 2", 30 rows 2". **PATTERN:** Stockinette Stitch and repeated color stripes as marked in the diagram. **NECKBAND:** K1, P1, Ribbing. To form the hems, hang the cast-on sts. back on the machine behind the latches. (Knit the following row with 2 tension settings higher). **SLEEVE INCREASES:** After rows indicated, move the 2 end sts. **ON EACH SIDE** 1 row below onto the empty needle.

FINISHING: Block all sections to measurements given. (Subtract the hem depth). Join front and back section at sides and shoulders. Sew sleeves together and set in. Join neckband sections at short ends. Sew 1 edge of neckband to inside and 1 edge to outside of neckline, matching front and back section.

Cast on 129 sts. with dark blue and work 30 rows K1, P1, Ribbing, then bind off the crochet method for ribbing.

Move the Cam Box to the left side, turn the Row Counter back to 330 and complete the left half. Follow the instructions from *.

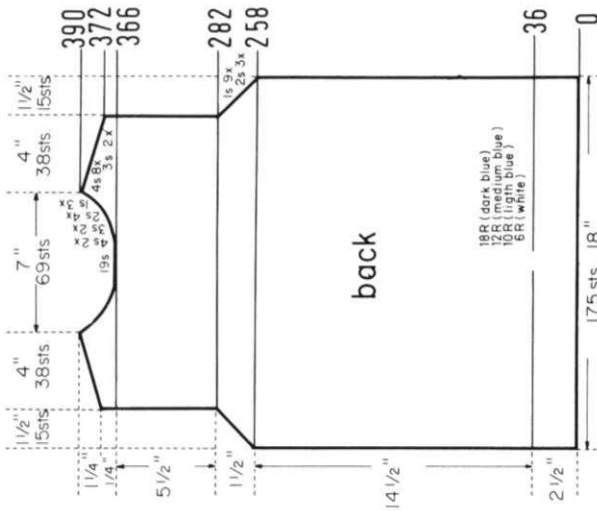

* **ON CAM BOX SIDE**, bind off 10 sts. (9 sts. for the left half) after Row 331 (ODD ROWS = NECK SHAPING); 4 sts. after Row 333; 3 sts. after Rows 335, 337; 2 sts. after Rows 339, 341, 343; 1 st. after Rows 345, 347, 349, 351, 355, 359, 363, 367, 371. For **SHOULDER** bind off 3 sts. after Rows 372, 374; 4 sts. after Rows 376, 378, 380, 382, 384, 386, 388, 390.

ON CAM BOX SIDE, bind off 2 sts. after Rows 258, 259, 260, 261, 262, 263. **ON EACH SIDE**, hang the 1st st. onto the 2nd st. after Rows 264, 266, 268, 270, 272, 274, 276, 278, 280. Now knit to Row 330, then put 72 needles on the left side into holding position and complete the right half first.

ROWS 37 to 258: Knit even.

ROWS 0 to 36: Knit even, then form the hem. Change to white and continue with the repeated color stripes as marked in the diagram of the back section.

Cast on 175 sts. with dark blue and work stockinette st.

Cast on 83 sts. with dark blue and work 30 rows K1, P1, Ribbing, then bind off the crochet method for ribbing.

ON EACH SIDE, hang the 1st st. onto the 2nd st. after Rows 96, 98, 100, 102, 104, 106, 108, 110, 112, 114, 116, 118, 120. **ON CAM BOX SIDE**, bind off 2 sts. after Rows 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135; 3 sts. after Rows 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149; 38 sts. after Row 150.

ON EACH SIDE, increase 1 st. after Rows 36, 42, 48, 54, 60, 66, 72, 78, 84, 90, then knit to Row 96.

ROWS 0 to 36: Knit even, then form the hem. Change to white and continue with the repeated color stripes as marked in the diagram of the back section.

Cast on 114 sts. with dark blue and work stockinette st.

Move the Cam Box to the left side, turn the Row Counter back to 366 and complete the left half. Follow the instructions from *.

* **ON CAM BOX SIDE**, bind off 10 sts. (9 sts. for the left half) after Row 367 (ODD ROWS = NECK SHAPING); 4 sts. after Rows 369, 371; 3 sts. after Rows 372 (EVEN ROWS = SHOULDER SHAPING), 373, 374, 375; 4 sts. after Row 376; 2 sts. after Row 377; 4 sts. after Row 378; 2 sts. after Row 379; 4 sts. after Row 380; 2 sts. after Row 381; 4 sts. after Row 382; 2 sts. after Row 383; 4 sts. after Row 384; 1 st. after Row 385; 4 sts. after Row 286; 1 st. after Row 387; 4 sts. after Row 388; 1 st. after Row 389; 4 sts. after Row 390.

KNITTING NEWS

May/June, 1970

OUR READERS WRITE

"I never know what SIZE garment to knit. Nothing is ever exactly my size and I don't know how to change directions to fit me!!!"

You are not alone.... No one is really a perfect size 10 or 12 or 14.... You might be a size 10 upstairs, and a size 14 downstairs...or the sizes might be in reverse... What can you do?

The garment and pattern industries comply to Standards for Body Measurements... The amount of ease allowed on their garments will vary and depend on several things... the material used such as heavy or light, soft or stiff... whether it will be an outer garment such as a Jacket or Cardigan or a Pullover Sweater, Blouse, Dress, etc., etc.

You are indeed fortunate when you can knit your own garments and made the necessary changes so that it will really fit you no matter what size you wear. When you knit a garment from KNITTING MAGAZINE, you can change the measurements easily. We cannot give directions for making each garment in many sizes because it is not possible to include all the figures for shaping, fashioning, etc., in each chart. Our new Charts make it very easy to alter the size. At a glance you can see the actual number of stitches to bind off at Armhole, Shoulder and Neckline as well as the number of rows between points of shaping. The measurements shown on the Charts are the actual blocking measurements.

One of the best ways to decide what size to knit is to compare the measurements shown on KNITTING MAGAZINE Charts with the measurements taken from a dress or a sweater or a jacket that you own and that fits you well. Again we repeat... our measurements on the Charts are BLOCKING MEASUREMENTS. If there is only a slight difference between the actual measurements shown and your own measurements taken from your dress or sweater, you can go ahead and knit that garment providing of course that you have made a stitch and row gauge sample and it complies with the stitch and row gauge given in our pattern. Please make a rough sketch of the chart and put in YOUR measurements... If there is a difference of 1" on the front and 1" on the back, you can cast on 1" MORE of stitches for a LARGER size, or 1" LESS stitches for a SMALLER size. Make the necessary adjustments by dividing the extra amounts of stitches for a larger size between the armholes, shoulders and if necessary the neckline. Bind off the extra stitches at the armhole by knitting 1 or 2 extra bind-off rows. Bind off the extra stitches at shoulders by adding them to the last shoulder bind-off. If you have extra stitches at neckline, take them off at the first neck bind-off. For the smaller size... reverse the procedure. You will bind off LESS stitches at armhole, shoulder and neckline.

Make all shapings up to the armhole as given in the instructions. Change your length if you like, by subtracting or adding rows where there is EVEN KNITTING, then ALWAYS put your Row Counter to the row where shapings begin, thus making it easy for you to make your shapings on the rows as given in the pattern.

Some people think that because they have the same yarn the pattern calls for, they can sit down and make a garment without making a test sample swatch ... NEVER under any circumstances do this... the most important part of your knitting is your sample swatch. We give you several tensions to try out because machine tensions will vary and the dye used in yarns can make a difference so that one color will give you the stitch and row gauge on one tension, while another color will give you the stitch and row gauge on another tension...so don't forget, if you want perfect garments, making a sample swatch using 3 different tensions is the most important part of your knitting.

So the RULE IS:... You must get the EXACT stitch and row gauge as shown in our patterns if you want them to turn out exactly to the measurements shown (the blocked measurements) and if our sample garment was made with Tension 5 and gives 16 sts. to 2" and 21 rows to 2", but you get the same stitch and row gauge on Tension 6 or perhaps 7, use whatever tension (for that particular garment) that will give you the number of stitches and rows called for in the pattern regardless of what tension number you get it on...

For a simple method of increasing or reducing the sizes of garments in KNITTING MAGAZINE, be sure to read the "Letter from the Publisher" in this issue.

PRACTICAL KNITTING HINTS

When working a Pattern with a Holding Position Design, it takes a specific number of rows to obtain a Pattern Set. When working a Pattern in Fisherman's Rib, one has to knit 2 rows - from right to left, then from left to right, to obtain 1 visible row. As you know, all our Line Drawings for Holding Position Designs are written to be set up and be started from right to left. When knitting a garment that has 2 front sections such as Jackets or Dresses with a front closure, the second front section has to be worked with reverse shapings.

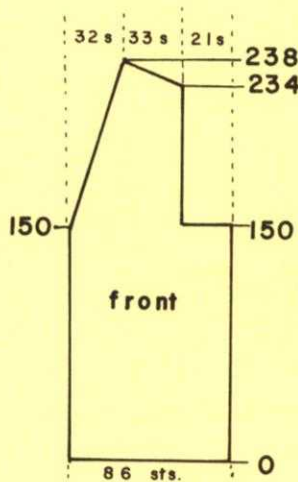

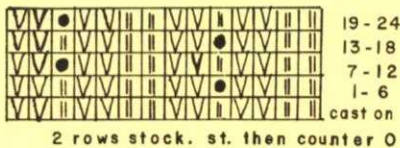

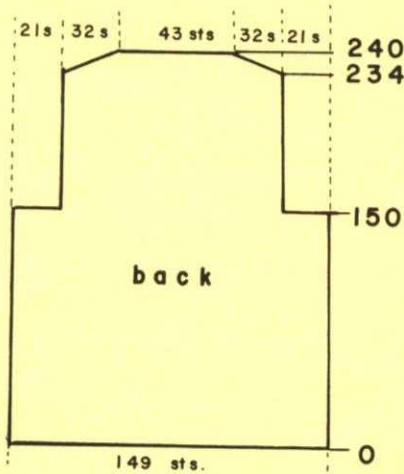

To enable you to follow the instructions as written, we make you start this section on the left side (Cam Box on the left side and Row Counter at 0). To obtain the same pattern picture (Holding Position Designs) as on the first section, you have to cast on from left to right, the same as for the first section. If the garment has a ribbed or plain band, knit the band then set up your needles for your specific pattern stitch and knit 1 row in PATTERN STITCH to the left side.

Now you must turn your Row Counter back 1 row so your Row Counter shows even numbers when you are on the left side. This extra row will not make any difference in the length of the section, but must be counted as one row in your pattern stitch set. ALWAYS knit the pattern from right to left and set your needle positions from right to left. ...This also applies when finishing the left half of a section.

KNITTED LACE VEST

Size: Small (fits Bust 32 - 34), Medium (fits Bust 36 - 38), Large (fits Bust 40 - 42). Material: Small and Medium 7 oz. (4 balls); Large 8 3/4 oz. (5 balls) KNITKING Sonika Dralon. Tension: Small: Tension 7 to 8; Medium: Tension 8 to 9; Large: Tension 9 to 10. Gauge: Tension 7 to 8: 14 sts. 2", 20 rows 2". The higher tension setting will produce a looser stitch which can then be blocked into the larger sizes. Pattern: Holding Position Design with omitted needles according to Line Drawing. The purl side is the right side. The omitted needles in the pattern are counted as stitches in the Stitch Gauge and Instructions. Empty needles are counted as sts. when shaping. When binding off be sure to make 2 chain sts. where there are empty needles.

FINISHING: Pin each section to measurements, then dampen and let dry (do not use iron). Join front and back sections at sides and shoulders. Work 1 row of single crochet around all edges and armholes, then one row as follows: Chain 1, *single crochet in next 5 single crochets, chain 4, slip stitch into top of single crochet where chain 4 is (picot made). REPEAT from * around. Make cord for tie.

BONUS PATTERN

ON CAM BOX SIDE, bind off 14 sts. after Rows 234, 235; 11 sts. after Rows 236, 237; 7 sts. after Rows 238, 239. After Row 240 bind off remaining 43 sts.

ON CAM BOX SIDE, bind off 21 sts. after Rows 150, 151, then knit to Row 234.

ROWS 0 to 150: Knit even.

Bring 149 needles into working position, then set up according to the Line Drawing, knit 2 rows stockinette st., turn the Row Counter back to 0 and work the Holding Position Design.

Work the second front section with reverse shaping, casting on from right to left. (Cam Box will be on the LEFT side at Row 0) Begin Pattern by putting second single needle on the left side into holding position.

On OPPOSITE SIDE OF CAM BOX (Neck side), decrease 1 st. after Rows 150, 152, 154, 156, 158, 160, 162, 164, 166, 168, 170, 172, 174, 176, 178, 180, 182, 184, then continue to decrease 1 st. ON NECK SIDE after Rows 187, 190, 193, 196, 199, 202, 205, 208, 211, 214, 217, 220, 223, 226. For SHOULDER, bind off 14 sts. after Row 234; 11 sts. after Row 236; 8 sts. after Row 238.

ROWS 0 to 150: Knit even, then bind off 21 sts. ON CAM BOX SIDE for armhole.

Bring 86 needles into working position, then set up according to Line Drawing, knit 2 rows stockinette st., turn the Row Counter back to 0 and work the Holding Position Design. Begin pattern by putting the second single needle on the right into holding position first.

NOTES TO KNIT BY . . .

STITCH AND ROW GAUGE

KNIT A SAMPLE SWATCH . . . before you begin to knit any garment . . . for this is the MOST IMPORTANT STEP toward the correct size and the proper fit of any garment you wish to make. You MUST use the SAME YARN for your sample swatch that you will use to knit your garment and your sample swatch must be knitted large enough and using several different tension numbers on your machine. When you have done this, then you can determine the number of stitches and the number of rows in a two-inch measure. KNITTING MAGAZINE PATTERNS give you 3 tensions to try and one of them should give you the correct stitch and row gauge if you are using the yarn we recommend or a similar weight yarn. Here is the way to make your sample swatch.

Cast on over a sufficient number of needles to produce a swatch at least 4 inches wide. (If the pattern calls for 16 stitches to 2", then 16 x 2 = 32 stitches to cast on). Now knit 4 inches of rows at the first suggested tension number. (If the pattern calls for 22 rows to 2", 22 x 2 = 44 rows to knit). Knit 2 rows using a contrast color, change to the next higher tension and with garment yarn knit another 4", knit 2 rows with contrast color, change to the 3rd higher tension and knit another 4" and then bind off.

Roll the swatch into a cylinder over its length and pull on both ends, unroll it and stretch it diagonally by pulling on the four corners. Allow the swatch to rest and settle (preferably overnight) and then using a stitch gauge or a ruler, count the number of stitches over a 2" width, then the number of rows over a 2" length in EACH of the 3 tensions. Select the tension number that produces the stitches and rows called for in the pattern. If none of them are correct, you are most likely using the wrong weight of yarn.

READING OF CHARTS

You will notice the instructions start at the bottom of the Chart and work UP. Follow the charts exactly as written and providing your sample stitch and row gauge is correct, your garment will come out the right size. Please remember that the section of garment as it is knitted on the machine, faces

the same way as the Charts are in this magazine. Where two front pieces are needed, (or any other part of a garment that needs two sections) only one section is normally shown and the second section is sometimes made with reverse shaping. Set in sleeves are usually identical, but raglan sleeves have to be knitted with reverse shaping for the second sleeve.

READING OF SYMBOLS

Symbols are used on Line Drawings of Pattern stitches to show the position of the needles and the variety of stitches used for Pattern knitting. These Symbols are drawn and are to be read as you look at them while knitting the garment. For instance: if a Purl stitch faces you, the Purl stitch Symbol  is shown; if a knit stitch faces you (as when using the ribber) then this Symbol  is shown. The Line Drawings for pattern stitches are to be read and set up on your machine from RIGHT to LEFT unless otherwise stated in the individual instructions.

In EYELET design Patterns    specified stitches are transferred to an adjacent needle and the empty needles are returned to the working position. The drawings have row numbers on the RIGHT side. Missing Row Numbers are ALWAYS knitted straight or plain.

In HOLDING POSITION DESIGNS  selected needles are pushed into holding position for the stated number of rows. The numbers of rows appear at the right of the Line Drawings. Example: 1-4 means knit rows 1 to 4; 5-7 means knit rows 5 to 7; 8-12 means knit rows 8 to 12, etc. etc. (See below for more Pattern Stitch Symbols.)

BLOCKING and ASSEMBLING GARMENTS

Block each section of your knitting separately BEFORE assembling any garment. This not only makes putting your garment together much easier but gives it that professional look of perfection. For the correct assembly of garments and all other important information regarding machine knitting, refer to our book "Practical Knitting Hints."

PATTERN STITCH SYMBOLS

= knit stitch

= purl stitch

= empty needle (leave in working position)

= needle not used (in the out of work position)

= needle in the holding position

= 2 stitches on 1 needle - either transferred from the right side or the left side, then put the needle into holding position

= needle holding 2 stitches. Stitch has been transferred from the LEFT

= needle holding 2 stitches. Stitch has been transferred from the RIGHT

= 3 stitches on 1 needle. The 1st and 3rd stitch in a group of 3 needles has been hung on the 2nd or center needle.

The diagrams (Line Drawings) for pattern work are followed just as they are shown and are to be read as you look at them while knitting the garment.
