broadly speaking

Spring is sprung, the grass is ris,
I wonder where my STITCHIN' TIME is!

That's been the cry from some subscribers so here we are again bulging with patterns for you eager and hungry knitters.

In fact we've computerised ourselves since Christmas and now all our subscription administration will be handled by our Manchester offices:

Stitchin' Time Dept,
Jones Sewing Machine Co. Ltd,
Shepley Street,
Guide Bridge, Audenshaw,
Manchester M34 5JD.

Like all computer systems each entry has now been allocated an account number so that each subscriber's name and address is accompanied by a reference number. *THIS MUST BE QUOTED ON ANY CORRESPONDENCE RELATING TO SUBSCRIPTION QUERIES, CHANGE OF ADDRESS, ETC!* You'll see this account number quoted on the address label of this issue so please take a note of the number and keep it in a safe place.

Editorial staff will remain in our London Sales Office AND WE REALLY WANT TO HEAR FROM YOU. We often stress this point. STITCHIN' TIME is your magazine, your avenue to pass on tips, hints, and advice, and an invaluable source of patterns which again you can influence. We attempt to cater for all styles and ages but if there are particular garments, wools, or styles that you want included THEN PLEASE DROP US A LINE.

We want to hear about your knitting clubs and circles too! Times, venues, who to contact, etc. All this information will be of considerable interest to other readers in your area. You may even want to start a club — this, too, can be mentioned in Stitchin' Time. In fact that's what MRS. FOSSEZ would like to do. She lives at "Elfin Grove", Springfield Park, Twyford, Berks. Tel: 734.341.316, so any readers interested in forming a club should contact MRS FOSSEZ as soon as possible.

This issue of STITCHIN' TIME gives prominence to the younger members of the family which we know will be very popular with a great many readers. There are patterns for baby, toddlers, and teenagers, and just to tie the whole issue together some lovely garment-sets for mum.

Our next issue is already well advanced and we have some exciting special features planned for later in the year, so there is plenty of look forward to — meanwhile keep writing and happy knitting.

N.B. CHARTS SUBMITTED BY DESIGNERS VARY DEPENDING ON WHICH MACHINE THE DESIGNER HAS USED. MOST PATTERNS USING EIGHT BUTTONS CAN BE DONE ON EITHER THE 588 OR THE 585. THE DIFFERENCES ARE

motif making

As the fashion for motif decoration on garments gains momentum, so we receive more and more requests from readers for instructions for special motif patterns.

So we asked our designers to come up with a few ideas and here are the results of their deliberations. In fact it's a fairly easy job to make up designs yourself and is, of course, the simplest method of making a plain garment unique.

Having decided upon the design of the motif required transpose the shape of the motif onto a sheet of tracing paper as wide as the punch card. (Remember that with the 820 the repeat pattern is in fact 24 needles wide.)

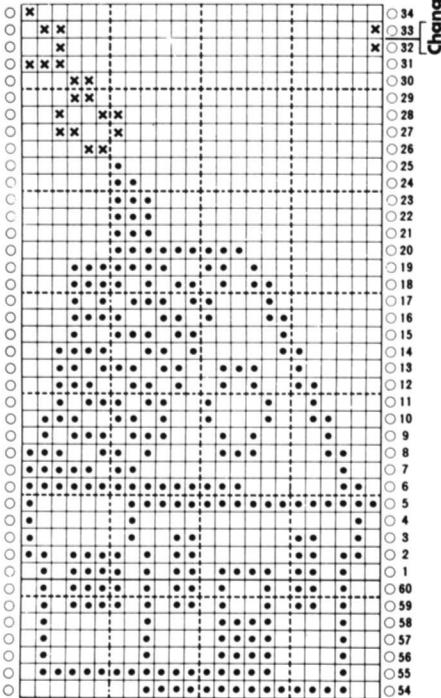

The next stage is to trace through the design onto the *paper* squared punch card supplied with each set of blank cards, marking the squares forming the pattern.

This *paper* pattern guide is then placed on top of a blank punch card and both locked into the puncher unit by clipping down the plastic cover. The pattern is then punched through both cards — and that's all there is to it — simple!

This obviously gives you tremendous variety of motifs so if we feature a pattern that you are not very keen on or a plain garment you feel needs some decoration you can now remedy the situation with your own design.

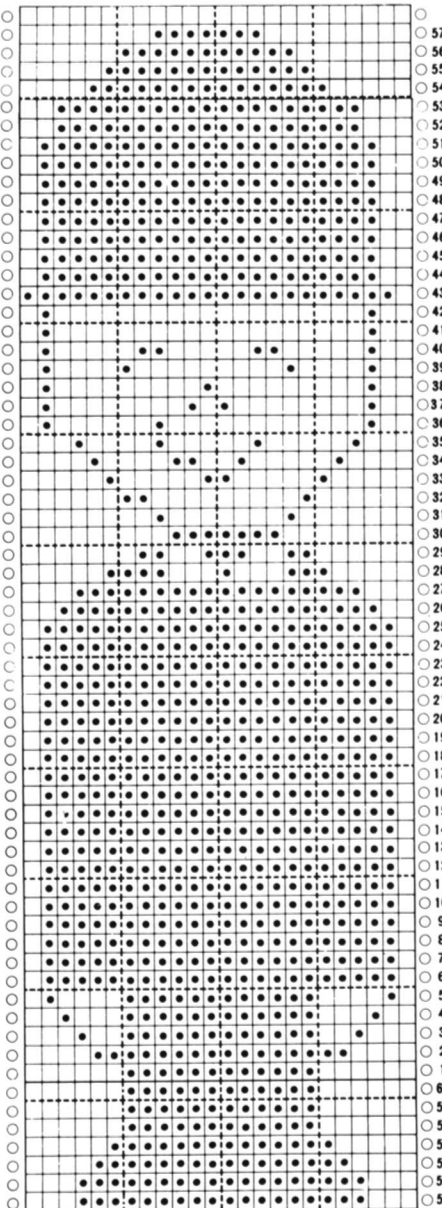

Puncher unit, Punch, blank cards and 4 sets of pre-punched cards for 820.
