MODELS FOR DOUBLE KNITTING WOOL

There is never an end to the way of how to serve PASSAP Friends all over the world and help them knit still smarter, faster, easier. To follow up the welcome descriptions of garments for Single Fisherman's Rib and Raglan shaping, we prepared another

four smart garments in thirteen different sizes

this time suggested for Stocking Stitch and Raglan shaping, all knitted in Double Knitting Wool.

The descriptions are worked out according to a very cunning simplified method. There is

a V-neck sweater

a round neck sweater

a V-neck cardigan

a round neck cardigan

for women and men (pages 6 to 10) and for children (pages 12 to 16). Back and sleeves are common to all garments in the respective sizes and therefore put at the head of each group. Instructions for front parts are arranged in the following order: V-neck sweater, round neck sweater, V-neck cardigan, round neck cardigan. Please study pages 2 and 3 thoroughly before starting a garment. Once familiar with our suggestions and abbreviations, you will enjoy knitting even more.

It was the staff of the Knitting Machine Centre Southampton, England, who devised and designed these instructions to benefit all PASSAP-Knitters. May we thank them by publishing such valuable guide.

The following information applies to all garments in this book.

1. Use Double Knitting Wool.
2. Tension
6 sts - 8 rows = 1 inch.
The tension of Rib 5 and S/S 6 are only approximate as machines and wool vary, and a tension piece should be worked. For Duomatic and P12 suggested tension Rib 4½ S/S 7.
3. If you only have the single bed, the ribbing can be done on a No. 10 needle by hand. Or the 1 x 1 hem in which case double the number of rows stated before turning up hem. This will use slightly more wool.
4. Button Holing
Transfer centre stitches on to adjacent needles on both beds.
5. Making up
Use back stitch for joining S/S and flat seam for ribbing. Round neck bands are doubled and caught down inside - Polo neck folded outwards. Stitch buttonhole band on R for girls and women, on L for men and boys. On smaller sizes of round neck sweater leave 3" opening at back L hand Raglan.

HOW TO CHANGE THE APPEARANCE OF THE BASIC PATTERNS

1. The Raglan shaping can also be done by moving the 3rd stitch onto 4th needle with 3 decker tool.
2. Alternative Raglan decrease - using 3 decker tool move 2nd and 3rd stitches onto 4th and 5th needles, every 4th row.
3. For lacy patterns. Transfer 1 st onto adjacent needle and leave empty needle in working position.
4. Cable the centre 12 sts on front

1	2	3	4	5	6	7	8	9	10	11	12
	P					P	P				P

every 6th row.

The centre 6 sts on the sleeve can be cabled the same way.

If you only have single bed the purl sts can be dropped down and crocheted up with the green tool.

5. A band of fairisle started 4 rows from welt, helps to make your garment just that bit different.
