

Why don't you make your own original yarn with "DARUMA" HomeTwister (Patent under application) sold by Yokota Co., Ltd.?

DARUMA HomeTwister

**Names of parts of apparatus and how to assemble them:**

**How to use it as Yarn Twister:**

**How to put and reel a yarn:**

- 1 Run yarns before being twisted through a path of bigger yarn guide 1, then through the Rotary yarn guide in the arrow direction 2 and fix the end of the yarn on the yarn rack 3.
- 2 Hold the yarns lightly in your left hand and reel each yarn equally so as not to loose each of the yarns and mix it up. As the ball becomes bigger, turn the handle slowly and reel softly. and Do not make the ball bigger than the brim of bobbin.
- 3 When you finish ball-making, pull out the edge of yarn, choosing the alternative of the two ways illustrated below;

**Method (A)**

How to pull yarns out of the upper part in case of loose twisting: Take the edge of yarn you started with, and pull the ball out of the bobbin. Now it is ready.

**Method (B)**

How to pull yarns out of the lower part in case of tight twisting: Hold down with your fingers the edge of yarn you started with, without taking it off, and pull the ball out. Now it is ready.

**How to use it as Ball maker:**

- 1 Pull up and take off the catch (A) of rolling-up gear while pushing it in the arrow direction. Take off the Rotary disk while pushing the catch (B) in the same way as mentioned above. (The Rotary disk is not used when you use the apparatus as Ball maker.)

- 2 Insert the rolling-up gear which was taken off in the explanation (1), to the axis of body while pushing the catch (A). Insert it securely to the end so that each gear can be put together, and then fix it, taking off the catch (A).

**How to put and reel a yarn:**

- 1 Put a yarn through the path toward balling 1 which is located below a bigger yarn guide, and fix the edge of yarn on the yarn rack 2.
- 2 Hold the yarn lightly in your left hand, and reel it, turning a handle in the arrow direction.
- 3 When it is done, take off the edge of yarn you started with and pull out the ball.
