The image shows a dot grid with 48 rows and 5 columns of dots. The dots are arranged in a regular grid pattern. On the left side of the grid, there are green arrows pointing right, alternating with rows that have a curved arrow pointing right. The grid is numbered 1 to 48 on the right side. There are three horizontal green lines: one at row 10, one at row 44, and one at row 45. The grid is surrounded by a black border.
